ACTIONS

CUSTOM ACTIONS

Shelly Plus Plug S can trigger other smart devices in your home network and customize the actions.

FULLY COMPATIBLE

It is fully compatible with Alexa, Home Assistant, SmartThings, and other home automation platforms.

SMART SCHEDULING

Use Smart Scheduling to customize actions considering the day, hour, sunset/sunrise, or other available data.

SCRIPTING ENABLED

Get enhanced functionalities and additional processes settings for a specific integration or function.

LED NIGHT LIGHT

Set the color and the level of glow for your Shelly Plus Plug S LED indication and use it as subtle light at night.

SAFETY COVER

Designed with a special protection cover to secure maximum safety for the youngest family members.
