

ESD Dissipative PE Bags with a zip-lock

RoHS
COMPLIANT
EN 61340-5-3

Designed to provide low risk, static safe environment for sensitive electronic devices
Color: Pink masterbatch

Materials

PE + Antistatic agent

Features

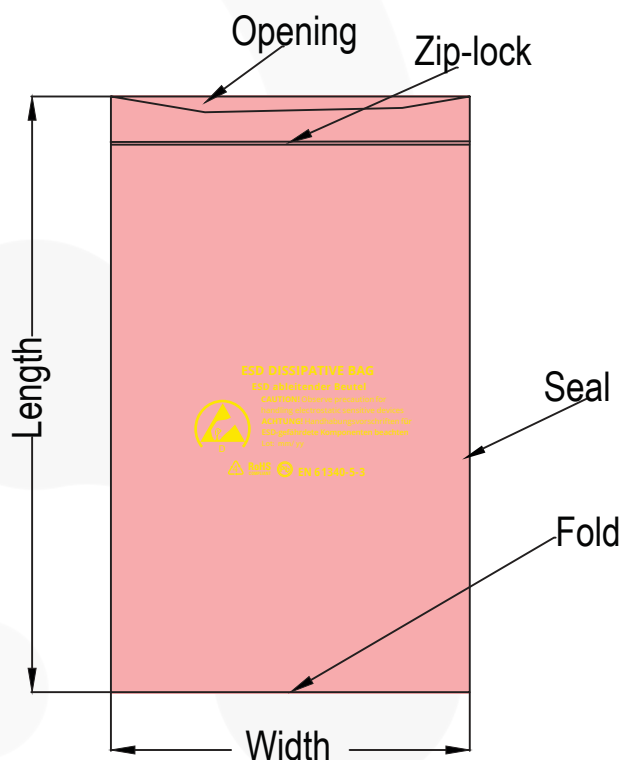

- Soft texture and flexible
- Heat sealed edges
- Low charging anti-static Zipper which is recloseable and reusable
- Able to dissipate a static charge to ground preventing static charge building up on packaging or device.
- Will not charge up when rubbed against other materials

Properties	Typical value
Thickness	0.23 mm +/- 15%
Surface Resistance	$1 \times 10^8 - 1 \times 10^{11} \Omega$
Adaptable relative humidity	20%~90%
Adaptable relative temperature	-10°C to 40°C

Storage Instructions

- Store this product in its original packaging in a climate-controlled environment
- Pay attention to moisture, avoid acid, alkali and other organic chemicals

*Lifespan 12 months after manufacturing

Item No	Width (mm)	Length(mm)
